	\$		\$

Do you plan to work while you are in school? If yes, please say where, job title, and hours per week:

Where will you be living for the academic year? [] On campus [] off campus with friends [] off campus with family. If you live off campus: What is your monthly rent cost? \$_____

DISBURSEMENT POLICY CHANGE

If you are enrolled in a 4-year college or university, scholarships will now be disbursed in full to the school in increments of \$3,000.00 per academic year unless noted otherwise on this application. If you have a positive balance on your student account your college/university will issue you a refund to be used on books and academic supplies as you see fit.

If you are a community college student you can use your scholarship for tuition, fees, books, and academic supplies but you will not be issued a refund. This is to help conserve your scholarship for when you transfer to a 4-year college/university. If you do not live with family an exception can be made to help pay for rent.

AWARD REQUEST
